- 4.2 The Contractor shall, through the Government Representative, keep the Government informed of all matters related to the Work within the actual or constructive knowledge of the Contractor and shall answer all enquiries received from the Government Representative. Without prejudice to the generality of the foregoing, the Contractor is obliged to update the Government on the latest development and information to the best of its knowledge relevant to the implementation and performance of the Vessel.
- 4.3 The Contractor shall attend all meetings convened by the Government Representative to which it may be summoned and shall advise and assist the Government on all matters relating to the Work.
- 4.4 The Director or any authorised officer may at any time during the construction of the Vessel:
- 4.4.1 examine and check the Vessel or any part thereof;
 - 4.4.2 examine and check any materials used, or intended to be used, in the construction of the Vessel; and
 - 4.4.3 examine and check any Equipment fitted, or intended to be fitted, in the Vessel.
- regardless of where the Vessel or any part thereof or any such materials or equipment may be situated, stored or placed at any time.
- 4.5 All Government Data, equipment and all other materials (tangible or intangible) supplied to the Contractor by the Government for the purpose of this Contract shall remain the property of the Government and shall be returned in good and functional conditions upon the Delivery Acceptance or such later time as the Government may agree. Should any such property be lost or damaged from any cause whatsoever while in the possession or control

of the Contractor or his employees, sub-contractors or agents, the Contractor shall compensate the Government an amount equal to replacement cost of property (in the case of loss or damage beyond repair) or repair cost of the property (in the case repair is considered appropriate by the Government) plus an amount to cover all administrative and legal costs and expenses incurred by the Government for arranging the replacement or repair. A count of the articles or material in the possession of the Contractor may be made at any time by the Government Representative and the Contractor shall render such assistance as is necessary for this purpose.

5 REJECTION OF MATERIALS AND EQUIPMENT

5.1 In addition to Clause 12, the Director may at any time during the construction of a Vessel, reject that Vessel or any part thereof or any material used, or intended to be used, in the construction of that Vessel or any Equipment fitted, or intended to be fitted, in that Vessel if he has reasonable grounds for believing:

5.1.1 that Vessel or any part thereof has not been constructed in accordance with plans, drawings or particulars approved by the Director or an authorised officer under Clause 2.4; or

5.1.2 that any material used, or intended to be used, in the construction of that Vessel is not in accordance with the Overall Specifications or otherwise not having been approved by the Director or are defective; or

5.1.3 that any Equipment fitted, or intended to be fitted, in that Vessel is not in accordance with the Overall Specifications or otherwise not having been approved by the Director or is defective; or

5.1.4 that the standard of workmanship employed in the construction of that Vessel does not meet the Director's requirements.

5.2 The Director shall, by notice in writing served on the Contractor, state:

5.2.1 the reasons for his rejection under Clause 5.1 above of that Vessel or any part thereof or any of its materials or Equipment; and

5.2.2 the action which he shall require the Contractor to take in order to remedy the specified defect or fault in the construction of that Vessel.

5.3 On receipt of a notice under Clause 5.2 above, the Contractor shall take such action as may be required by the Director in the notice.

5.4 The Government shall not be responsible or liable for any expense incurred by the Contractor in taking such action as may be required in any such notice.

6 TITLE AND RISKS

6.1 Upon the issue of Acceptance Certificate under Clause 12 in respect of a Vessel, all title, beneficial ownership, interest, to, in and of the following shall become the exclusive property of and shall vest in the Government absolutely free and clear of all and any liens, claims, mortgages, charges, and all and any other form of encumbrance, contractual rights, and third party rights and interests of whatsoever nature:

6.1.1 the relevant Vessel;

6.1.2 all materials used, or intended to be used, in the construction of the relevant Vessel;

6.1.3 all Equipment of the relevant Vessel; and

- 6.1.4 all Deliverables to be delivered together with the relevant Vessel.
- 6.2 Without prejudice to the generality of Clause 6.1 above, until the Acceptance Certificate is issued under the terms of this Contract in respect of a Vessel:
- 6.2.1 the relevant Vessel (including all parts thereof while it is under construction);
 - 6.2.2 all materials used, or intended to be used, in the construction of the relevant Vessel;
 - 6.2.3 all Equipment fitted, or intended to be fitted, in the relevant Vessel; and
 - 6.2.4 all Deliverables relating to the relevant Vessel

shall be deemed to be at the Contractor's risk. All risks to the relevant Vessel, the aforesaid materials and Equipment shall remain with the Contractor, and shall not pass to the Government until issue by the Government of the Acceptance Certificate in respect of the relevant Vessel and its Equipment and Deliverables. The Contractor shall be responsible for the due care, custody and safe keeping of the relevant Vessel, the aforesaid materials and Equipment.

7 INSURANCE

- 7.1 If the Contractor carries on its business in Hong Kong, it shall effect and maintain all such policies of insurance as required under the laws of Hong Kong including employees' compensation insurance policy under the requirements of the Employees' Compensation Ordinance (Cap. 282 of the Laws of Hong Kong).
- 7.2 In respect of each Vessel, the Contractor shall effect and keep in force whilst it is being delivered from the place of manufacture to the Delivery Location; and throughout the period whilst it is in Hong Kong after such delivery until the Acceptance Certificate in respect of the relevant Vessel is issued under the terms of the Contract a public liability insurance policy exclusively for that Vessel in the joint names of (i) the Contractor, and (ii) the Government (with appropriate cross-indemnity clause as if a separate policy has been issued to each of them) subject to a maximum indemnity amount in the sum of not less than HK\$100 million for each claim or a series of claims arising from one event, but otherwise unlimited in the aggregate indemnity amount for all claims arising during the entire period of insurance with a reputable insurance company acceptable to the Government against liability to pay damages and compensation for injury or death or any person and loss or damage to any property whatsoever where such injury, death, loss or damage as the case may be, is caused or arises out of any act, omission or default of the Contractor or its employees, agents or sub-contractors in the performance of the Work or otherwise in connection with the Work whether occurring within or outside Hong Kong.
- 7.3 The Contractor shall deposit with the Government Representative for record in accordance with Clause 25.2 of the Conditions of Tender, and immediately upon renewal, copies of policies of insurance required under Clause 7.1, or if not available, copies of the insurance certificates, together with the receipt of payment of the current premium, certified as true and correct by the Contractor.
- 7.4 The Contractor shall deposit with the Government Representative for record a copy of the public liability insurance policy specified in Clause 7.2 above for each Vessel, seven days before the Vessel is being delivered from the place of manufacture, or if not available, copy of the insurance certificate, together with the receipt of payment of the relevant premium, certified as true and correct by the Contractor.

- 7.5 If the Contractor fails to effect and keep in force any of the insurance policies required under Clauses 7.1 and 7.2 above or fails to pay the premium thereunder or otherwise required for the reinstatement of the indemnity limit, the Government may effect and keep in force any such insurance policy and pay such premium or premiums as may be necessary for those purposes and from time to time deduct the amount so paid by the Government as aforesaid from any monies due or which may become due to the Contractor or recover the same as a debt due from the Contractor.
- 7.6 In the event of any of the Contractor's employees, agents or sub-contractors suffering any injury or death in the course of performing the Contract and whether there be a claim for compensation or not, the Contractor shall notify the Government Representative as soon as practicable, followed by a notice in writing of such injury or death to the Government Representative within seven working days.

8 DAMAGE TO THE VESSEL WHILE UNDER CONSTRUCTION

- 8.1 Subject to Clause 8.2, in the event of any damage being sustained to:
- 8.1.1 a Vessel or any part thereof while it is under construction; or
 - 8.1.2 any materials used, or intended to be used, in the construction of a Vessel; or
 - 8.1.3 any Equipment fitted, or intended to be fitted in a Vessel,
- the Contractor shall immediately make good the damage sustained to that Vessel or its materials or Equipment.
- 8.2 If the damage sustained to a Vessel or its materials or Equipment is so extensive as to make it impracticable in the circumstances for the Contractor to make good the damage ("Damaged Vessel"), the Director may at his option:
- 8.2.1 reject the Damaged Vessel and at the election of the Government all other Vessel which have not been accepted, and terminate this Contract pursuant to Clause 29.1 (complete termination) or 29.3 (partial termination) depending on the scope of the rejection; or
 - 8.2.2 negotiate and agree with the Contractor to vary the terms of this Contract in light of the damage subject to such abatement of the Total Purchase Price as is considered reasonable in light of the variation. If no agreement can be reached within one month after the Government's request for negotiation or such longer period as the Government may allow, the Government may terminate this Contract pursuant to Clause 8.2.1.
- 8.3 If the terms of this Contract are varied by agreement under Clause 8.2.2, the terms of the variation agreement shall be deemed incorporated into, and prevail over the relevant parts of the Contract in the event of inconsistency.

9 VARIATION OF OR ADDITION TO THE SPECIFICATIONS OF THE VESSEL

- 9.1 The Director may, by notice in writing served on the Contractor at any time during the construction of a Vessel, vary or add to any of the specifications of that Vessel set out in the Overall Specifications.
- 9.2 Within seven working days of receipt of such notice, the Contractor shall give the Government a written estimate of any increase or decrease in the Vessel Unit Price and of any effect on the Implementation Plan including the Delivery Date as a result of the requested change.

- 9.3 The Government will use its reasonable endeavours to inform the Contractor in writing within 45 working days of receipt of the written estimate provided in Clause 9.2 whether or not the Government wishes the requested changes to be made, and, even if the changes are required, the Contractor shall not make the requested changes until a written change agreement specifying in particular changes to the Implementation Timetable and Vessel Unit Price and consequently the Total Purchase Price is approved by the Government in writing. The change agreement shall be deemed incorporated into, and prevail over the relevant parts of the Contract in the event of inconsistency.
- 9.4 Notwithstanding Clauses 9.1 to 9.3, the Government shall have the right to demand a change to the specifications in the Overall Specifications to overcome an actual or likely failure of the Contractor to meet any of such specifications or any stage in the Implementation Plan, but without prejudice to the rights and claims of the Government (including without limitation the right to demand a decrease in the Vessel Unit Price and consequentially the Total Purchase Price, or bringing forward of any of completion dates for any of the Stages). Unless otherwise agreed by the Government in writing, if any change is effected pursuant to this Clause 9.4, Clauses 9.1 to 9.3 shall not apply and the Contractor shall not be entitled to any increase in the Total Purchase Price or any extension of time for any other Stage.
- 9.5 In the event of a change agreement having been reached pursuant to Clause 9.3 or the Government's demand for a change pursuant to Clause 9.4, the Contractor shall make or incorporate in the construction of such Vessel to which the change agreement relates such change as set out in the change agreement or written demand from the Government (as the case may be).

10 TECHNOLOGY SUBSTITUTION AND ADVANCE NOTICE OF DISCONTINUATION

- 10.1 The Contractor undertakes to offer to the Government and the Government may, at any time before delivery of unit(s) of the Equipment and at its sole option, elect to obtain from the Contractor any unit(s) of Equipment in substitution for unit(s) of the equipment where the substitute unit(s) contain new technology or have functional or performance or security or reliability characteristics similar to or better than the relevant Equipment. Such substitute units shall be offered to the Government at the Contractor's or the manufacturer's prevailing prices whichever is the lower from time to time published by the Contractor or the manufacturer, as the case may be, subject further to the discount offered to the Government in respect of the original Equipment under this Contract. In the event that the Government elects to obtain the substitute unit(s) of Equipment from the Contractor, the provisions of this Contract shall apply to such substitute unit(s) as they shall form part of the Equipment.
- 10.2 Without prejudice to the Contractor's obligation to provide the Warranty Services, as soon as the Contractor or the manufacturer decides to discontinue or becomes aware of the prospective discontinuance of the production of any of the Equipment or Warranty Spare Parts, or no later than 12 months before the discontinuance, whichever is the earlier, the Contractor shall in writing notify the Government Representative stating clearly the model, part number, exact date of discontinuation of production, substitution proposal, if any, and all other relevant information.

- 11 IMPLEMENTATION TIMETABLE & TIMETABLE FOR DRAWINGS SUBMISSION AND MAIN ITEMS INSPECTION**
- 11.1 Upon commencement of the Contract Period, the Contractor shall submit an Implementation Timetable (Part VII – Annex 2) setting out major Milestones with the completion dates to the Government for approval. However, the date for the Vessel to become Ready for Use (viz., before the Delivery Date) and the Delivery Date shall remain as stipulated in Schedule 2 and shall not be subject to any change unless the Government expressly agrees or stipulates in accordance with the applicable provisions of the Contract.
- 11.2 Upon commencement of the Contract Period, the Contractor shall submit a Drawings Submission Timetable (Part VII – Annex 3) and Main Items Inspection Timetable (Part VII – Annex 4) to the Government in respect of the Vessel and propose for the Government’s written approval the dates for completion of the respective activities as required therein. Such timetables shall include the scheduled dates of submission of those drawings which are required to be approved by GNC or for GNC’s reference and for those items as listed in that needed to be inspected prior to or as part of the Technical Acceptance.
- 11.3 Subject to Clause 11.5, the Contractor shall perform the Work and deliver the Vessel, the Equipment and the Deliverables in accordance with the Implementation Timetable and the Drawings Submission Timetable and Main Items Inspection Timetable (collectively, “**Timetables**”). The Contractor shall complete each activity by the date specified in these Timetables. All time stipulations in the Timetables shall be of the essence of this Contract. In the event of any inconsistency amongst the Timetables, unless the Government otherwise stipulates, the Implementation Timetable shall prevail.
- 11.4 The Government shall be entitled to re-arrange the sequence of any activities within a Milestone or the sequence of different Milestones or accelerate or postpone any of the dates in any of the Timetables for any further period provided the Government shall give the Contractor not less than seven days’ written notice prior to the sequence to be re-arranged or date or dates to be accelerated or postponed. The remaining activities, Milestones and dates in the Timetables not so re-arranged or accelerated or postponed by the Government shall remain in full force and effect unless the Government shall otherwise determine or unless the re-arrangement or acceleration or postponement is material and the Contractor provides justifications to the satisfaction of the Government that there shall be a corresponding postponement of the remaining dates.
- 11.5 Without prejudice and in addition to Clause 31 (Force Majeure), should it become reasonably apparent to the Contractor that the Work is or will be unduly delayed or disrupted as a result of any of the following events, the Contractor shall, as soon as possible, but in any event no later than seven days after the occurrence of the relevant event, issue a written notice to the Government Representative stating in full details the alleged event triggering the delay or disruption:
- 11.5.1 instructions having been issued by the Government Representative requiring compliance with specifications or requirements not already specified in the Contract or otherwise not pursuant to the Contract; or
- 11.5.2 the Contractor not having received any necessary information from the Government Representative in accordance with the time specified in the Contract or otherwise within a reasonable time.
- 11.6 Upon receipt of any notice from the Contractor under Clause 11.5, the Government Representative will review the alleged event. If the Government Representative in its reasonable opinion considers that (a) there has indeed been such event as mentioned in Clause 11.5.1 or Clause 11.5.2, and that (b) such event will cause undue delay or disruption

to the Work, the Government Representative will grant to the Contractor the appropriate postponement of any of the dates specified in the Implementation Plan. All decisions of the Government shall be binding on the Contractor (save in the case of manifest error). The Contractor shall not be entitled to raise any subsequent objection or protest in light of any alleged event falling within Clause 11.5.1 or 11.5.2 if it has not issued any notice concerning such alleged event in accordance with Clause 11.5.

11.7 Any re-arrangement of sequence of activities within the same Milestone or different Milestones or acceleration or postponement pursuant to this Clause 11 or other applicable provisions of this Contract by the Government shall not:

11.7.1 oblige the Government to pay any additional remuneration or compensation to the Contractor; or

11.7.2 release the Contractor from any of its obligations or liabilities or give rise to any waiver or estoppel in relation to any of its obligations or liabilities; or

11.7.3 give rise to any other obligation or liability on the part of the Government.

12 ACCEPTANCE TESTS AND TRIALS

12.1 As part of the Technical Acceptance, the Vessel including all Equipment and all Deliverables shall be required to undergo acceptance tests, trials and inspections to the satisfaction of the Director in accordance with all the applicable provisions of the Overall Specifications and other provisions of the Contract.

12.2 The Contractor shall submit the Vessel including all Equipment and all Deliverables to all tests and trials as specified in the Technical Specifications including all tests, trials and inspections comprised in the Technical Acceptance and Delivery Acceptance at such time in accordance with the Implementation Timetable and other Timetables (where applicable) and at such place as specified in the Technical Specifications or in the absence of which as stipulated by the Government.

12.3 Both the Director or an authorised officer and the Contractor or his authorised representative shall be present and on board the Vessel when it undergoes each acceptance test and trial unless the Director agrees otherwise in writing.

12.4 Without prejudice to Clause 12.1, if the Director is not satisfied with the results of any test, trial or inspection as referred to in Clause 12.1, he may, by notice in writing served on the Contractor, require the Vessel including all Equipment and all Deliverables to undergo such further test, trials and inspection as may be specified in the notice.

12.5 If, after a Vessel (“relevant Vessel”) and all Equipment which are required to be installed on the relevant Vessel and all Deliverables which are required to be delivered together with the relevant Vessel have undergone and passed the Technical Acceptance and the Delivery Acceptance, the Director is satisfied that (a) the relevant Vessel, all such Equipment to be installed on such relevant Vessel and all such Deliverables to be delivered together with that relevant Vessel have been properly designed, constructed, supplied and where applicable installed in accordance with all terms and conditions of this Contract (including without limitation the Overall Specifications) and are Ready for Use, and (b) subject further to the successful completion of the Delivery Acceptance (including the due delivery of the relevant Vessel with all Equipment duly installed on the relevant Vessel and fully functional to the Delivery Location by the Delivery Date, and all Deliverables and other items in the Inventory List duly delivered also by the Delivery Date for such relevant Vessel), and (c) subject further to the Contractor’s compliance and observance of all terms and conditions set out in the Contract (including those which are required to be complied

- with and observed up to and including the time of the Delivery Date of that Vessel), he will issue an Acceptance Certificate in respect of that the relevant Vessel to the Contractor to come into effect on the actual date of delivery of the relevant Vessel.
- 12.6 If, (a) a Vessel or any part thereof or any Equipment or any of the Deliverables fails to pass any part the Technical Acceptance before the Delivery Date, or any part of the Delivery Acceptance on or before the Delivery Date, or fails to become Ready for Use before the Delivery Date, or (b) otherwise that the Director is not satisfied that that Vessel or any part thereof or any Equipment or any of the Deliverables complies with or observes any terms and conditions of the Contract (including without limitation any one or more requirement(s) of the Overall Specifications) or (c) the Contractor fails to comply and observe with any terms and conditions of the Contract applicable to that Vessel or any part thereof or any Equipment or any of the Deliverables (including without limitation any one or more requirement(s) of the Overall Specifications), (“**Defective Item**”), he may, in his absolute discretion, elect to exercise **one or more** of the following options:
- 12.6.1 refraining from issuing any Acceptance Certificate for the Vessel and require the Contractor to remedy the Defective Item in accordance with Clause 12.7;
 - 12.6.2 even if the Defective Item is not the Vessel per se but any of the Equipment to be installed on the Vessel or any of the Deliverables, refrain from issuing any Acceptance Certificate for the Vessel and require the Contractor to remedy the Defective Item in accordance with Clause 12.7;
 - 12.6.3 issue an Acceptance Certificate with qualifications noting the non-compliance or defects or deficiencies which need to be rectified by the Contractor in accordance with Clause 12.7 by the time specified in the qualified Acceptance Certificate; or
 - 12.6.4 accept the Defective Item on and subject to the terms and conditions set out in Clause 12.10;
 - 12.6.5 reject the Defective Item;
 - 12.6.6 in addition and/or in lieu of the rejection mentioned in Clause 12.6.5, reject all other Vessel(s), all Equipment and Deliverables, provided that no Acceptance Certificate has been issued in respect of the items to be rejected; and for the avoidance of doubt, this right of rejection may be exercised together with all or any of the options mentioned in Clause 12.6.1 to 12.6.7 and Clause 12.10; and
 - 12.6.7 upon rejection pursuant to Clause 12.6.5, and/or where applicable also Clause 12.6.6, the Government may terminate the Contract pursuant to Clause 29.1 (complete termination) or Clause 29.3 (partial termination), depending on the extent of the rejection.
- 12.7 Where the option mentioned in Clause 12.6.1 or 12.6.2 or 12.6.3 is exercised, the Director shall (a) notify the Contractor in writing the defects or deficiencies or non-compliance of the Defective Item; (b) require the Contractor to take all necessary remedial actions (including those as specified in the notification (if any)) within such time as specified in the notification; (c) save in the case a qualified Acceptance Certificate is already issued under Clause 12.6.3 (where applicable), no Acceptance Certificate will be issued unless the Contractor has remedied all non-compliance, defects and deficiencies by the time stipulated by the Government in the notice to be issued under this Clause 12.7 to the satisfaction of the Government; (d) where the option mentioned in Clause 12.6.1 or Clause 12.6.2 is exercised, the Contractor shall still be liable to pay the liquidated damages under Clauses 13.3 and 13.4 even if eventually an Acceptance Certificate without qualifications is issued; and (e) the Government may also exercise the rights and options as mentioned in Clauses 12.10.6 and 12.10.7 even if eventually an Acceptance Certificate without qualifications is issued.

- 12.8 In the event of the Director issues a notification pursuant to Clause 12.7, the Contractor shall, at its cost and expense, take such actions as shall be necessary (including those as specified in the aforesaid notification), in the opinion of the Director, to remedy all non-compliance, defects and deficiencies of the Defective Item including all those non-compliance, defects and deficiencies as specified in the aforesaid notification issued by the Director within such time period as specified in the aforesaid notification (or such longer period as the Director may but is not obliged to allow). Without prejudice to the generality of the foregoing requirement concerning costs and expenses, all berthing or docking charges for berthing or docking the Vessel to undergo such further remedial work shall be borne by the Contractor.
- 12.9 In the event of the Contractor failing to comply with Clause 12.8 or otherwise any requirement specified in the notification issued by the Director under Clause 12.7, the Director may exercise all and any of the options specified in Clause 12.6 and/or Clause 12.10.
- 12.10 Where the Director in its absolute discretion elects to accept the Defective Item whether before or after exercise of any options specified in Clause 12.6, it shall issue a notice to this effect to the Contractor:
- 12.10.1 the Contractor shall deliver the Defective Item to the Government by such time and date as stipulated by the Government in the notice;
 - 12.10.2 upon delivery of such Defective Item, if not already done so, the Government will issue an Acceptance Certificate to the Contractor; and the acceptance of the Defective Item (or continued acceptance) upon such delivery shall be subject to the reservation of all rights and claims of the Government arising from the Contractor's non-compliance with the requirements of the Contract including without limitation those rights and claims specified in Clauses 12.10.3 to 12.10.7 below;
 - 12.10.3 the Government may take such action as may be necessary to remedy the defects and deficiencies of the Defective Item and procure the outstanding Work, Equipment and Deliverables, Warranty Services, and/or Guarantee Slipping whether through the appointment of a third party contractor or through its own in-house resources;
 - 12.10.4 the Contractor shall indemnify and compensate the Government for (a) all losses, liabilities, costs and expenses incurred by taking the actions pursuant to Clause 12.10.3 and (b) those amounts mentioned in Clause 30.1.3 (to the extent applicable); and the compensation shall be payable by the Contractor forthwith upon the first written demand of the Government and/or the same may be deducted from the outstanding balance of the Total Purchase Price ("**Compensation for the Defective Item**");
 - 12.10.5 the Contractor shall still be liable to pay the liquidated damages under Clauses 13.3 and 13.4 ("**LD for Delay**");
 - 12.10.6 notwithstanding anything in the Contract to the contrary, save to the extent agreed by the Government, any unpaid and outstanding balance of the Vessel Unit Price for the Vessel which is the Defective Item or otherwise on which Vessel the Defective Item is to be installed ("**Relevant Vessel**") or any other Vessel(s) will not be payable until and unless the Government has determined the actual amount of the Compensation for the Defective Item, the LD for Delay, and that all these amounts have been set off against the Vessel Unit Price in respect of the Relevant Vessel and/or any other Vessel(s) and/or any other amount due by the Government to the Contractor and/or otherwise that these amounts have been settled in full by the Contractor; and

12.10.7 the Government may still exercise all and any of the other options under Clause 12.6 (to the extent not precluded by the acceptance of the Defective Item).

12.11 If the Contractor has pursuant to Clause 12.8 purported to remedy the defects and deficiencies of the Defective Item (including all those failures to comply with any one or more requirement(s) of the Overall Specifications as specified in the notification issued by the Director under Clause 12.7), unless and to the extent waived by the Government, the Defective Item shall undergo a fresh round of acceptance tests and trials as part of the Technical Acceptance and Delivery Acceptance (including those tests and trials which the Defective Item has failed to pass on the first occasion). Where the Defective Item is not the Vessel but some other Equipment to be installed on the Vessel, the Government may still request the Technical Acceptance and Delivery Acceptance to be conducted for the entire Vessel covering the Defective Item. If any acceptance test or trial cannot be passed, or the Government is not satisfied that any of the aforesaid defects or deficiencies has been fixed, the Government may exercise any of its options under Clause 12.6 or Clause 12.10.

13 COMPLETION, DELIVERY AND DELAY

13.1 The Contractor shall ensure that each Vessel with all Equipment installed thereon and where applicable all Deliverables, will become Ready for Use by passing all acceptance tests and trials as part of the Technical Acceptance in accordance with the applicable provisions of the Contract before the applicable Delivery Date.

13.2 Upon a Vessel with all Equipment installed thereon, and where applicable all Deliverables relating to such Vessel becoming Ready for Use, the Contractor shall deliver the completed Vessel with all Equipment installed and fully functional, and all such Deliverables to the Government on or before the applicable Delivery Date to the location (“**Delivery Location**”) specified for such purposes in this Contract (which shall be the Government Dockyard unless otherwise expressly specified) for undergoing the Delivery Acceptance.

13.3 If the Contractor fails to deliver to the Delivery Location a Vessel with all Equipment installed thereon and/or Deliverables, by the Delivery Date in Ready for Use condition (viz., whether because of any failure of any part of the tests and trials in the Technical Acceptance or failure to comply with other requirement to be fulfilled in order for a Vessel to become Ready for Use or otherwise due to delay in the construction of the Vessel), or even if such delivery has been made, but fail to procure and ensure that the Vessel with all Equipment installed thereon and/or the Deliverables pass the Delivery Acceptance to the satisfaction of the Government by the same Delivery Date (“**Delay**”, and the Vessel and/or Equipment and/or Deliverables affected by the Delay is “**Delayed Item**”, without prejudice to all other rights, options and claims of the Government (including those under Clauses 12.6 and 12.10), the Contractor shall pay to the Government as and by way of liquidated damages and not as a penalty for the losses and damage sustained by the Government resulting from the Delay during the period from the Delivery Date to the date of the Acceptance Certificate for such Delayed Item at the rate specified for this purpose in Schedule 4. In the case the Delayed Item is any Equipment to be installed on the Vessel, the applicable rate shall be the rate applicable the Vessel as the Vessel will not be treated as Ready for Use in the absence of any such Equipment.

13.4 Subject to Clause 13.5, the payment of the liquidated damages under Clause 13.3 shall be in full satisfaction of the Contractor’s liability for such Delay only. Notwithstanding the foregoing, for each Delayed Item, the aggregate amount payable by the Contractor under Clause 13.3 shall be capped in the manner specified in Schedule 4. In the case the Delayed Item is any Equipment to be installed on the Vessel, the applicable cap shall be the cap

applicable to the Vessel as the Vessel will not be treated as Ready for Use in the absence of any such Equipment. The payment of liquidated damages shall not relieve the Contractor from its obligation to provide the Delayed Item Ready for Use and to deliver the Delayed Item to the Delivery Location or from any other liability or obligation under this Contract. Whether or not the Delayed Item has successfully become Ready for Use and delivered to the Delivery Location shall be subject to certification by the Government in the form of the Acceptance Certificate without qualifications. For the avoidance of doubt, if there is more than one Delayed Item, the delay of each such Delayed Item shall accrue liquidated damages in the manner specified in this Clause 13. The liquidated damages is not the applicable compensation where the Contractor has failed to make available and deliver the Delayed Item in Ready for Use condition and the Government elects to reject the Delayed Item (as the case may be) and where applicable any other Vessels Equipment and Deliverables.

- 13.5 As time of essence of the Contract, if there is a Delay in relation to one or more Delayed Item, and regardless of the length of the Delay, and notwithstanding anything else contained in this Contract, the Government Representative shall be entitled to exercise all or any of the options specified in Clauses 12.6.1 to 12.6.7 (where the Delayed Item is also a Defective Item), or all or any of the options specified in Clauses 12.6.5 to 12.6.7 (where the Delayed Item is not at the same time a Defective Item and under this case, reference to “Defective Item” shall mean the “Delayed Item”).

14 REJECTION AFTER ACCEPTANCE

- 14.1 Notwithstanding the issuance of any Acceptance Certificate or any payment of the Total Purchase Price, the Government shall be entitled to, reject a Vessel or any Equipment thereon and Deliverables in respect thereof, or any of the other Deliverables any time during the Warranty Period in respect of the items to be rejected (“**Defective Accepted Item**”) by giving a notice to this effect to the Contractor if:

- 14.1.1 the Defective Accepted Item is in breach of any of the Product Warranties; and
14.1.2 such breach is not reasonably discoverable in the Technical Acceptance and the Delivery Acceptance; or even the breach was discovered, the Contractor has given assurance or representation to the Government prior to the Government’s acceptance of the Defective Accepted Item that the defect or non-conformity causing the breach of the relevant Product Warranties has been cured; and
14.1.3 there is no substantial change in the condition of the Defective Accepted Item which is not caused by the defect or non-conformity constituting the breach of any of the Product Warranties (except fair wear and tear arising from normal use prior to the issue of the notice under Clause 14.1).

- 14.2 Upon the issuance of a rejection notice pursuant to Clause 14.1 above, without prejudice to its other rights and claims, the Government may exercise any of the following rights as indicated by it in the same rejection notice:

- 14.2.1 to require the Contractor to replace the Defective Accepted Item with brand new replacement which will not cause any breach of any of the Product Warranties (“**Replacement Goods**”). The Contractor shall procure the conduct of such parts of the testing and inspection in the Technical Acceptance and Delivery Acceptance as required by the Government in respect of the Replacement Goods. The timetable for all of these testing and inspection shall be proposed by the Contractor within seven days after the rejection notice and acceptable to the Government (“**Replacement Timetable**”). If no Acceptance Certificate in

- respect of the Replacement Goods can be issued by the stipulated date in the Replacement Timetable, or if the Replacement Timetable as proposed by the Contractor is not acceptable to the Government, or the Replacement Goods does not comply with any of the Product Warranties, the Government will exercise the option mentioned in Clause 14.2.2; or

- Attention: Senior Surveyor/Government New Construction (1) (SS/GNC (1))
- 22.9 The Government shall not be held responsible or liable for any delay in payment and no interest or other surcharge or any other payment howsoever described shall be charged to the Government due to (a) invoices not having been issued in accordance with this Clause 22, or (b) the invoices containing charges not having been duly calculated in accordance with the provisions of the Contract (including without limitation not having taken into account all applicable deductions), or (c) the Contractor disputing any set-off, deductions or withholding or retention made by the Government pursuant to the Contract, or (d) any invoice or correspondence being improperly addressed. Each invoice shall include all deductions which may be made pursuant to the terms of the Contract and shall show the net amount payable.

- If the Contractor does not render an invoice charging a correctly stated net amount due to its failure to take into account all appropriate deductions or otherwise, the Government may, but is not obliged to, pay the net amount which duly takes into account all appropriate deductions.
- 22.10 The Contractor shall not be entitled to any increase in the Total Purchase Price by reason of foreign exchange fluctuations.
- 22.11 In the event that the Contractor fails to pay any sum of money on the date it falls due or upon demand by the Government under the Contract, for interest before any judgment debt which may be awarded by the court or by the arbitrator, it shall pay interest on such sum to accrue from the due date up to the date of actual payment in full (or where applicable up to the date of award of the judgment debt) at the rate of one per cent (1%) above the rate per annum which shall be a simple average of the rates per annum announced by the note-issuing banks of Hong Kong from time to time to be its prime lending rate for Hong Kong dollars. Such interest shall accrue on a daily basis in year of 365 days. For interest on any judgment debt (if applicable), it shall be at the aforesaid rate or at such rate as may be determined from time to time by the Chief Justice by order for judgment debt interest (whichever rate is the higher rate) which shall be applicable regardless of whether the judgment debt is awarded by the court or by the arbitrator.
- 22.12 Without prejudice to the generality of Clause 22.6 above, to the extent that the Contractor has proposed Excess Proposals during the tendering stage of the Contract which have been accepted by the Government, the Contractor shall supply and/or perform all such Excess Proposals as part of the Vessel and/or Spare Parts and/or Services to which the Excess Proposals relate and any price payable shall be subsumed in and deemed to have been subsumed in the portion of the Total Purchase Price attributable to the Vessel(s) and where applicable the Spare Parts. No additional amount on top of the Total Purchase Price shall be payable whatsoever.
- 22.13 Where (a) the Contractor has failed to deliver and/or perform an Excess Proposal (“failure”) of whichever type as part of the relevant Services (“failed Excess Proposal”); (b) such failure is not remedied to the satisfaction of the Government within such period as the Government may, but is not obliged to, allow in one or more reminder letter(s) to be issued to the Contractor; (c) the Government in its reasonable judgement considers that the true value of the price payable by the Government for the failed Excess Proposal or any part thereof had there been no such failure (“true value of the failed Excess Proposal”) is not apparent because it has been cross-subsidised by other unit price of other items in Schedule 1 or subsumed in the quotation of the unit prices of other items in Schedule 1; (d) the failure is of such materiality in the reasonable judgement of the Government to warrant a fair downward adjustment to the Total Purchase Price equal to the true value of the failed Excess Proposal, and (e) without prejudice to any other rights and claims of the Government including the right to early terminate the Contract, the rights under the common law and in equity to seek damages and/or other injunctive reliefs arising from the breach of the Contract and/or the right to claim indemnity under Clause 21.2 of this Part, a downward adjustment shall be made to the Total Purchase Price to be agreed between the Government and the Contractor which shall represent the true value of the failed Excess Proposal. The downward adjustment shall be made from any of instalment(s) of the Total Purchase Price (to the extent they have not been paid).
- 22.14 Payment will be made in the currency specified in the Contract.

- 23 CONTRACTOR'S OBLIGATION NOT TO DISCLOSE CONFIDENTIAL INFORMATION AND GOVERNMENT DATA**
- 23.1 The Contractor shall not disclose the Deliverables or the Government Data, or any other information, report, document, plan, record, data, database, code or particulars (i) furnished by or on behalf of the Government or by any other person to the Contractor or any of the Contractor Personnel, or any part respectively thereof; or (ii) otherwise is accessible by or available to the Contractor or any of the Contractor Personnel in the course of performing the Work (collectively "**confidential information**"), provided that the restrictions on disclosure contained in this Clause 23.1 shall not apply to the disclosure of any confidential information:
- 23.1.1 to any person employed, used or engaged by the Contractor in the conduct of the Work in circumstances where such disclosure is necessary in the reasonable opinion of the Contractor for the performance of the Contractor's duties and obligations under the Contract, provided that the Contractor has imposed on the said person employed, used or engaged an absolute and legally binding obligation to the Contractor to refrain from disclosing the confidential information to a third party;
 - 23.1.2 already known to the recipient other than as a result of disclosure by the Contractor or any of the Contractor Personnel or their respective associates or associated persons;
 - 23.1.3 which is or becomes public knowledge other than as a result of disclosure by the Contractor or any of the Contractor Personnel or their respective associates or associated persons;
 - 23.1.4 in circumstances where such disclosure is required pursuant to any laws of Hong Kong or an order of a court of Hong Kong; or
 - 23.1.5 with the prior consent in writing of the Government.
- 23.2 Any disclosure permitted under Clause 23.1 (excluding Clause 23.1.4 above) shall be in strict confidence and shall extend only so far as may be necessary for the purposes specified in Clause 23.1 and the Contractor shall ensure the confidentiality of any such disclosure by taking appropriate action to restrain or restrict any further disclosure.
- 23.3 The Contractor shall not, and shall procure and ensure each one of the Contractor Personnel, and their respective associates and associated persons, shall not disclose, retain, make use of or reproduce any confidential information other than in the performance of the Contractor's obligations under the Contract or with the prior written consent of the Government.

- 23.5 If and when requested by the Government, the Contractor shall forthwith require each member of the Contractor Personnel, and such other persons to whom disclosure is made pursuant to this Clause 23, to execute a written undertaking in favor of the Contractor and the Government in a form to be determined by the Government agreeing to the restrictions attached to the confidential information set out in this Clause 23; and shall provide certified true copies of any such undertakings to the Government within seven working days from the date of execution of any such undertakings. The Contractor shall, if so required by the Government, take such actions and steps as are lawful and necessary and at its own cost

and expense to enforce such undertaking in the event of any breach thereof by anyone who has executed such undertaking.

- 23.6 The Contractor shall promptly notify the Government of, and give the Government all reasonable assistance in connection with, any proceedings which the Government may institute against any person pursuant to any of the provisions in this Clause 23.

24 CONTRACTOR'S OBLIGATION TO INFORM GOVERNMENT OF RELEVANT FACTS

24.1 The Contractor shall keep itself informed and immediately inform the Government of any or all circumstances, facts and matters which will or may lead to default of or non-compliance with any of the Contractor's obligations under the Contract.

24.2 The Contractor shall provide the Government and all persons from time to time authorised by the Government with access to all records and data in the possession or under the control of the Contractor concerning the Vessel, the Equipment and the Deliverables. 25.2 In this Clause 25, "**Personal Information**" shall mean personal data as defined in Section 2(1) of the Personal Data (Privacy) Ordinance (Cap. 486 of the Laws of Hong Kong).

- 25.5 In relation to the Contractor Personnel's access to Personal Information, the Contractor shall implement and maintain a system for logging and identifying all of the Contractor Personnel that access any Personal Information. If requested by the Government, the Contractor shall provide to the Government a copy of that access log.
- 25.6 If the Contractor becomes aware that any Contractor Personnel is using, or has used, Personal Information in contravention of this Clause 25, the Contractor must promptly notify the Government in writing with full details of the contravention. The Government's knowledge of, or response to, such notification, will not affect any other rights of the Government under the Contract.
- 25.7 The Personal Information of any individual provided by the Contractor to the Government will be used by the Government for the purposes of, arising from or incidental to this Contract, including for the purposes of exercising or enforcing any of its rights and powers under this Contract or at law, and for resolution of any dispute arising from this Contract. The Government may disclose the data to any public officer within the Government, its adviser, contractors and consultants or any public body (as defined in the Interpretation and General Clauses Ordinance, Cap. 1 of the Laws of Hong Kong) or any entity having the jurisdiction to adjudicate over any dispute arising from this Contract for all or any of the aforementioned purposes.
- 25.8 The Contractor shall ensure that each individual whose Personal Information has been passed by the Contractor to the Government has been made aware of (prior to the passing of such Personal Information to the Government), acknowledged and consented that his Personal Information may be disclosed to the Government, and in turn disclosed by the Government to those persons for such purposes as mentioned in Clause 25.7 above.
- 25.9 The Contractor shall indemnify the Government on the terms set out in Clause 21 of this Part in the event of any non-compliance with any provisions of this Clause 25 or any claim instituted by any person in relation to his Personal Information or by the Privacy Commissioner for Personal Data, which claim would not have arisen but for any act, omission, breach of this Contract or negligence on the part of the Contractor or any of the Contractor Personnel.

- 26.1 During the Contract Period and for twelve months thereafter:
- 26.1.1 the Contractor shall not, and shall ensure that each of the Contractor Personnel, and the Contractor's and each of the Contractor Personnel's respective associates and associated persons (collectively "**Restricted Group**") will not undertake any service, task or job or do anything whatsoever on its own account or for or on behalf of a third party (other than in the proper performance of the Contract) which relates to, concerns or affects the Vessel or services provided by the Government (including MD or the user department) or the operation of the Government (including MD or the user department) or which may reasonably be seen to relate to, concern or affect the Vessel or such services or operation without the prior written approval of the Government; and

- 26.1.2 the Contractor shall forthwith notify in writing the Government of all or any facts which may reasonably be considered to give rise to a situation where the interests of any member of the Restricted Group conflict or compete, or may conflict or compete, with the Contractor's duties or obligations under the Contract. The Contractor shall immediately take all reasonable actions to avoid or remove the cause of any such actual or potential conflict of interest to the satisfaction of the Government Representative.
- 26.2 The Contractor shall ensure that each member of the Restricted Group informs the Contractor and keeps it informed regularly of all facts which may be reasonably considered to give rise to a situation in which the interests of such person conflict or compete, or may conflict or compete with the Contractor's duties to the Government under the Contract.

27 PUBLICITY

- 27.1 The Contractor shall not, without the prior written consent of the Government, publish or use any advertising or other publicity materials relating to the Contract or the Work or the Vessel or any Equipment supplied or any other work done in connection with the Contract wherein the Government's or the Vessel's name is mentioned or language used from which a connection with the Government can reasonably be inferred or implied.
- 27.2 The Government shall have the absolute discretion to request the Contractor to remove any advertisement or publicity material relating to the Contract or the Work or the Vessel or any other work done in connection with the Contract wherein the Government or the Vessel or the Work is/are mentioned or language used from which a connection with the Government or the Vessel or the Work can reasonably be inferred or implied and the Contractor must comply with such request.

28 CONTRACT DEPOSIT AND ADVANCE PAYMENT BOND

- 28.1 The Contractor shall provide the following:
- 28.1.1 An amount equivalent to 2% of the Total Purchase Price as security for the due and faithful performance and observance of its obligations under the Contract ("Contract Deposit"), to be payable either in cash or in the form of a bank guarantee issued by a bank with a valid banking licence under the Banking Ordinance, Cap. 155 of the Laws of Hong Kong in the form set out in Annex A to this Part ("Bank Guarantee"). Such Contract Deposit shall be non-interest bearing; and
- 28.1.2 where the Contractor has elected to receive an Optional Instalment (as defined in Schedule 3), an advance payment bond as security for the due and faithful performance and observance of its obligations under the Contract ("**Advance Payment Bond**") which shall be in the form set out in Annex A to this Part and in the amount equal to that Optional Instalment to which it relates as specified in Schedule 3. Each Advance Payment Bond shall be non-interest bearing; and
- 28.1.3 if expressly required in the Notification of Conditional Acceptance, deliver to the Government a parent guarantee in the form appearing in Annex B to this Part ("**Parent Guarantee**") subject only to such amendments as the Government may approve in writing to be duly executed by each of the individual shareholders or ultimate holding company (direct or indirect) or joint venture parties (as the case may be).

- 28.2 The Contract Deposit, if in the form of cash, will be retained by the Government, or if in the form of a Bank Guarantee, must remain in force from the date of the issue until the date of Acceptance Certificate of the Vessel (and if more than one Vessel are to be supplied, the Acceptance Certificate in respect of the last Vessel). For the avoidance of doubt, if no Acceptance Certificate in respect of all or any of the Vessel can be issued, the Contract Deposit shall be retained (if it is in the form of cash) or shall remain in force (if it is in the form of Bank Guarantee) from the Contract Date until the scheduled Delivery Date (if more than one Vessel are originally contracted to be supplied, the original scheduled Delivery Date in respect of the last Vessel) plus 24 months. The aforesaid period (depending on whichever is applicable) is hereinafter referred to as the “Guarantee Period”.
- 28.3 All Advance Payment Bonds and the Parent Guarantee shall share the same **Guarantee Period** as specified in Clause 28.2 above.
- 28.4 Notwithstanding the expiry or early termination of the Contract, only upon the expiry of the Guarantee Period will the Contract Deposit (if in the form of cash and if any is remaining) be refunded to the Contractor without interest; or if in the form of a Bank Guarantee, it together with the Advance Payment Bonds and the Parent Guarantee (if any), will be discharged or released.
- 28.5 The Government Representative shall have the right to call on all or any of the Contract Deposit or call on the Bank Guarantee or Advance Payment Bonds (irrespective of whether or not a demand for payment has been made against the Contractor) any amount due or payable by the Contractor to the Government under the Contract but which remains outstanding, in such order as the Government in its absolute discretion deems fit. The Contract Deposit (whether in cash or in the form of the Bank Guarantee) or the Advance Payment Bonds and/or the Parent Guarantee may be deducted or called on, without the Government first having recourse to any other security or rights or taking any other steps or proceedings against the Contractor or any other person, or may be enforced for any balance due after resorting to any one or more of other means of obtaining payment or discharge of the monies, obligations and liabilities owing by the Contractor to the Government.
- 28.6 If any deduction shall be made by the Government from the Contract Deposit or a call shall be made on the Bank Guarantee or Advance Payment Bond during the Guarantee Period, the Contractor shall, within 21 days on demand in writing by the Government, deposit a further sum or provide a further Bank Guarantee or Advance Payment Bond, in a sum equal to the amount so deducted or so called and such further sum shall be added to the residue of and form part of the Contract Deposit and/or Advance Payment Bonds for the security amount required under Clause 28.1 above.
- 28.7 Where by the time of expiry of the Guarantee Period, any claim of the Government or any liability of the Contractor, whether under or arising from or in relation to the Contract cannot yet be quantified, the Government may, without prejudice to its other rights and remedies, pay the entire Contract Deposit or any part thereof (whether in cash or in Banker’s Guarantee), Advance Payment Bond(s) and Retention Money into a suspense account, for so long as it considers necessary, and pending the quantification of the amount of the claim or liability. Upon quantification of the amount of all or any claims or liabilities, the Government shall apply the amount in the suspense account in or towards satisfaction of the quantified amount. Where there is any remaining amount in the suspense account after such application, the Government will return the remaining amount to the Contractor without interest. Where the amount in the suspense account is insufficient to cover all or any claims or liabilities, the Government reserves all rights and remedies against the Contractor in respect of such claims and liabilities.

29 TERMINATION OF THE CONTRACT AND CHANGES TO THE WORK

- 29.1 Without prejudice to other rights and claims of the Government under the Contract or at law, the Government shall be entitled to terminate the Contract by serving a 14 days' notice in writing on the Contractor if:
